Diplomas Given 71 Gould Seniors At Sunday Exercises

The 115th Commencement week-end at Gould Academy was held under the most favorable weather conditions and every activity proved to be of more than usual interest. The Alumni banquet was held at 12:30 p. m. Saturday in the William Bingham Gym and approximately 275 alumni and friends were present, with the class of 1928 enjoying a special reunion and a dinner party at the Evans Natch Lodge in Gilead that evening. During the program there was group singing led by the headmaster and a special piano duet was played by two members of the senior class, Misses Sue Hamilton and Jean Rawick, followed by remarks by the headmaster and Dr. Arthur Walters, for the trustees. The after dinner speaker was Professor Herbert Brown of the Bowdoin College English Department. His remarks were very amusing and also contained many appropriate thoughts for the occasion. In the fifty year class there were present Kimball Stearns, Addie Horne Saunders and Ruth Bean Grover. A number of older ones were present also.

Following the commencement dinner, the alumni baseball team composed mostly of recent graduates proved to be too strong for the undergraduates and won by the score of 12 to 4. The alumni team contained two members who had had tryouts for major teams as well as representatives from several college baseball teams.

Immediately following the game, coffee and punch was served at the Headmaster's home with approximately 200 alumni, parents and seniors attending Mrs. George Taylor of the 25 year class and Miss Ann Griggs, Gould Academy music teacher, who is retiring this year, served and poured.

In the receiving line were Headmaster and Mrs. Ireland and Mrs. Paul Thurston, representing the Trustees, Mr. and Mrs. Vachon of the faculty, Theodore Chadbourne, president of the graduating class and Sue Hamilton, treasurer of the class of 1951.

DISASTER COMMITTEES OF OXFORD COUNTY RED CROSS TO MEET

There will be a meeting of the Disaster Committees of all branches of Southern Oxford County Chapter, American Red Cross, at the Red Cross rooms on Pine St., South Paris, June 20, at 7:30 p. m. It is of highest importance that all branches be represented at this discussion meeting.

one crisis after another. We had not recovered from the impact of World War I before a post-war economic collapse was upon us. From the crushing effects of that depression, we rose to new economic heights only to be dropped to new lows in the economic recession of the 1930's. Then came World War II with its atomic bomb. Now it is Korea.

"But," he continued, "people of nearly all generations have faced one crisis after another. Every age thinks it has lived in an age of crisis. War and economic depression are not new. Moreover, while the nature of the crisis may change, great problems will continue to confront future generations."

In view of this situation, we will do well to stop feeling sorry for ourselves because we live in an age of great change and devote our full effort to doing something about our problems."

The student address of the day was given by the valedictorian, Miss Laura Wilson, who spoke on "School Service." She brought out the advantage of such service and participation both to the individual and the school. Greetings were given by the salutatorian, Miss Rosemary Kelley, and the Invocation and Benediction by Miss Charlotte Stevens who had third honor, and a vocal solo, "Joy of the Morning," was rendered by Miss Nancy Van Den Kerkhofen who had fourth honor.

The Headmaster then announced the names of students who had received highest scholastic grades in each of the four classes 1951:

Charles Dany August 1951, Donald Bennett, Bethel, 1951, Beverly Leroy, Bethel, 1951, Mary Ann Myers, Bethel.

In addition to the 71 regular members of the graduating class, two special diploma were awarded for the first time in the history of Gould. One went to Robert Norris who attended Gould 1948-50.

This year received an International Student Fellowship to attend school in Tonbridge, England, where he made an outstanding record as a representative of this country in that school. He has been accepted at both Princeton and Harvard University and it is understood that he has elected to go to Harvard. Gould Academy was pleased that the Norris family really preferred a diploma from Gould Academy and such was voted unanimously by the faculty and executive committee. The second special diploma of a different nature was awarded Roger Healy, a student of Bethel and former student at Gould. Healy was given a certificate in 1945 but since then has studied two years at the Resound Training School for Embalming in New York where he made a fine record both academically and in his practice work on the basis of this record and the recommendation of the State Board of Health, a diploma was given for this work and a diploma was voted by both the faculty and executive committee.

Roger Healy was present to receive his diploma, but Robert Norris could not be here because of previous engagements.

A. C. DEFEATS RAIDERS, 2-5; MEET NORWAY NINE SUNDAY

The BAC took the Bethel Raiders over in a fairly close battle at Thurston Field on Sunday, June 10. Baker, in his first mound appearance this season showed excellent form, allowing 19 scattered hits to the more seasoned opponents.

The BAC line-up was limited to a minimum of players due to activities going on in town.

Pete Baker's first attempt at second proved fatal to the Raiders. In a hard smash to Robertson at short, a toss to Baker who was playing his position perfectly and a snap throw to first doubled up the batter ending the possible threat of a Raider rally.

Richie Rolfe's home run was the big blow of the game coming with a mate aboard.

Herb Kluttridge's mound performance with nine strike-outs and only six hits in his first completed game was a welcome sight for both spectators and manager Salway.

With a ball club being built that will shape up to be one of the best that Bethel has seen in many years and interest mounting daily the management has decided to play the best competition available and regain a sports standing which we have lacked for too long.

The schedule now includes such teams as Norway, Bridgton, Gorham, Bryant Pond, South Paris, and any others that wish to play the A. C.

The Bethel A. C. is looking forward to a large gathering at Thurston Field Sunday afternoon at 3 o'clock when the BAC faces a strong Norway nine. Expected Bethel battery for this game will be Dick Rolfe and Pete Baker.

BY LYN CONNELLY

IT SEEMS comic Alan Young has been rediscovered by Hollywood... Several years ago, after Alan had had a sensational season on radio, 20th Century signed him to a long-term contract with the usual options... He played several supporting roles and then one option time found himself without a job... Now, however, he has a Paramount contract to star in two pictures, "Aaron Slick from Punkin Creek" and "Clarence" and the coveted lead in "Androcles and the Lion"... This time he had to register as a funny fellow on TV to merit movie-dome's attention.

But it was agent Frank Cooper who really found Young—and did it while lying in bed... Early one morning, Cooper was reading the tabloids and idly twisting the dial of the radio on the nearby night table... Suddenly he realized that no matter where he tuned in, the same station kept coming in, and upon investigating found that the tuning condenser had snapped... Frank went back to his papers but laughs in volume kept interrupting his study of the serious situations prevailing in the comic strips... So he lent an ear to the program... A comic was emerging, a variety show and doing a terrific job of keeping the audience entertained.

Cooper stayed with the program until its end; found he was listening to a Toronto station and that the emcee was Alan Young... The following day he wired Young to come to New York and three days later the comic had been signed as Eddie Cantor's summer radio replacement... He did well on AM and was a smash in the movie "Marge," but, as is Hollywood's custom, he was forgotten in his prime.

Now he's going stronger than ever and naturally Hollywood is moving fast to repair its error... Let's hope this time they mean it as Alan is one of the top comedians of our time and deserves his new-found success.

Volunteers of America Campaign to Continue

The campaign in the interest of the work of the Volunteers of America will continue through the coming week.

The Volunteers of America were founded by General and Mrs. R. L. Loring in 1890. Mrs. Mabel Loring Loring was the founder of the welfare work among prisoners and their families and was known from Maine to California as the "Mother of the Prisoners." Through her efforts many reforms were made in the prisons and thousands of prisoners were reformed. A number of cases have been of men from the state of Maine who today are respectable citizens.

The national work has been endorsed by President Truman and many previous presidents of the U. S. A., and a large number of governors and other prominent citizens.

The British are finding that no one is holding the bag for them in their socialized state, that increased wages are simply increased taxes which they have to pay themselves to step up their wages. Strikes in socialized states are strikes against themselves, which is why unions must disappear finally under full totalitarian rule.

G. A. 1925 CLASS HOLDS

REUNION AT GILEAD

The Gould Academy Class of '25 held its 25th reunion on Saturday, June 9.

Many attended the Alumni luncheon, tea, and hall game, then all gathered at the Evans Notch Lodge in Gilead where a most enjoyable evening was spent.

Russell Cole, a member of the class, and Mrs Cole very graciously opened their Lodge for the occasion, and a bountiful and delicious turkey dinner was served.

Dancing was enjoyed following the dinner, and classmates, many of whom had not seen each other since graduating, were busy bringing each other up to date on events which had taken place during the intervening years.

The renewing of old friendships and the pleasure of making new acquaintances combined to make the occasion one of good fellowship and pleasant memories for future days. All expressed the desire to make the reunion a yearly event.

Those present were Mr and Mrs Gerald York of Rangeley; Dr and Mrs Lorimer Schmidt (nee Dorothy Grover) of Augusta; Mrs Evelyn Brink Cockburn of Portland; Mrs Ruth Glines Coker of Philadelphia, Pa.; Mrs Frances Lane Dunn of Andover; Mr and Mrs Paul Fuller (nee Linda Barnett) of Upton; Mr and Mrs Cleson Spencer (nee Pearl LaRue) of Littleton, N. H.; Mr and Mrs Thomas Sime (nee Elinor Osborn) of Lisbon; Mr and Mrs Charles Hasleton and daughter, Charlene of Stonington; Mr and Mrs Clarence Race of Edgemoor; Frank Keniston of Lynn, Mass.; Miss Elizabeth Mason of Portland, and Albert Barlow of Boothbay Harbor.

Those from Bethel attending were Mr and Mrs Ernest Munde (nee Ina Potter); Mrs Elizabeth Verrill Bennett; Mr and Mrs Alton Loxton (nee Sylvia Grover); Mrs Faye Sanborn Taylor; Mrs Marion Stillings Goolidge; Mrs Eugenia Hasleton, Mr and Mrs

Leland Mason; Mr and Mrs Franklin Burris, and the host and hostess, Mr and Mrs Cole.

Carolyn Mills has not missed a spelling word this year. Carolyn has another accomplishment -- a few verses of which appear below:

Remember West Bethel
(You Couldn't Forget It)
To my teacher
I love so dear
When I felt bad
She gave me cheer
We had some drawing
Which they called art
But in that Mrs Lord said
I wasn't very smart.
Then we had a subject
Called arithmetic
But the blamed old stuff
It made me SICK.
During the scare
Of Scarlet Fever
For five long weeks
I had to leave her.
Some day in the future
When you're feeling sad.
Think of West Bethel
And the fun we all had.

FORKS COMPARATIVELY NEW

AS METHOD OF EATING Although it may shock Emily Post, eating peas with a knife isn't unbecomingly "a just old-fashioned."

According to research experts with the World Book Encyclopedia, forks have been used for eating since ancient times, but table forks were introduced even during colonial days.

It is believed that the table fork was first used in Italy during the 15th century. The wife of an Italian nobleman considered herself too dignified to eat the greasy food with her fingers. She used a tiny gold fork which was modeled after the long carving fork. A guest at the table wrote an account of the event and described her method of eating as "luxurious beyond belief. Instead of eating like other people, she had her food cut into little pieces and ate with a two-pronged fork."

However, grasping the meat with the hand and spearing it with a knife continued to be the popular custom, and the tiny fork was soon forgotten.

In England during the 1600's, an English dandy was ridiculed for his daintiness when he tried a table fork at social gatherings. The fork "fad" gained momentum and tiny forks of precious metals began to appear in all European courts.

Forks became a common table implement only after mass production made them an inexpensive item.

It's often wise to buy the less popular and less well-known cuts of meat, when they're available. They're usually more economical than the cuts which are in greater demand, points out Dr Kathryn Briwa, Maine Extension foods specialist.

"BOOST MAINE SEAL"

TO BE DISTRIBUTED

A new "Boost Maine Seal" created by the Maine Publicity Bureau for Maine people to invite others to come to the Pine Tree State, will be mailed next week to a State-wide list of representative Maine citizens.

Designed for use by all Maine "boosters," the seals are printed in green and orange with an outline map of the State highlighted by typical figures. They bear the message: MAINE INVITES YOU.

The "Boost Maine Seal" was one of the most frequently suggested ideas offered by Maine people during the Publicity Bureau's intensive Boost Maine Campaign of the past three years.

Purchase of three seals by Maine citizens will provide an opportunity for them to help promote their State and to make a personal contribution to the promotional work of the Maine Publicity Bureau.

All Maine individuals and business firms are being urged to use the seals on envelopes, stationery, postcards and all other media where the Maine Invites You message will attract attention.

Illustrative use of the seals, such as on menu cards and in public places, also is expected to be widespread. Included with each sheet of seals will be a handy synopsis of "Boost Maine" facts.

The Boost Maine Seal project is being presented to the people of Maine by the State-wide Boost Maine Committee of the Publicity Bureau.
